Bidwell Brook

Client: Devon County Council
Architect: South West Norse
Engineer: Hamson Barron Smith
Programme: 52 weeks
Project Value: £1.24m

Project Information:

Works were carried out at Bidwell Brook SEN School in Dartington, Totnes, to provide four new classrooms and associated facilities to meet the expanding demand for pupil spaces within the school.

There were also some internal alterations completed to maximise the existing space within the School. External works included new paths and landscaping of the areas directly in front of the extension.

All works were completed to an extremely high standard and were handed over in line with the pre-agreed budget.
