building on our reputation for over 70 years...

Plot J1, Hayleys

Client: Hayley Group Ltd

Architect: Gould Singleton Architects

Engineer: Sands Consultants

Programme: 18 Weeks

Project Value: £1.36m

Project Information:

Subsequent to us completing Plot J, we were approached by the potential occupant regarding the fit-out of the space to create a retail outlet and office accommodation for their business in Exeter.

The collaborative journey with Hayley's meant that the finished project was zero defects and a level of quality that far exceeded everyone's expectations.

Works consisted of the installation of a new mezzanine floor, staircase, tea-points and offices/storage on the 1st floor with the ground floor being utilised for a sales desk and sales team in the office area behind.
